

Tropical Fruit Explosion

Add a taste of the tropics to your products with the new Mango or Papaya SensoryEffects[®] Inclusions. These delivery systems are an easy and effective way to add these tropical flavors to your baked goods.

“Superfruit” Qualities*

These tropical fruits have excellent nutritional properties with a wide range of purported health benefits, making these products both healthy and tasty.

Mango - rich in a variety of phytochemicals and nutrients. High amounts of prebiotic dietary fiber, vitamin C, polyphenols, and carotenoids. Antioxidants to counteract the negative effect of free radicals in the body.

Papaya - very high in papain, a digestive friendly enzyme helpful for the relief of various gastrointestinal issues.
